Why Choose Avira?

Optimal Safety

One solution
Truly integrated for all your Windows or Unix computers, file servers and mail servers, cross-platform malware and spam protection.

High performance protection
Powerful proprietary antivirus technology that consistently wins top awards for detection and performance.

New dangers neutralised fast
Our in-house virus lab works around the clock to prevent the latest threats.

Always on the hunt
Monitors every file access in real-time, even archives and offline VMWare images. Spots spam emails and strips out potentially dangerous content and attachments.

Fast updates do not waste bandwidth or workflow
The industry's most compact program updates and virus pattern database files automatically update via the Internet or through the network without system interruption.

Easy To Configure And Manage

Stay in control
Administer your whole network from one place using the Avira Management Console. Comprehensive notification and reporting functions are built in, integrated scheduler lets you automate routine tasks like updates when it's most convenient.

Simple, intuitive new interface
Start actions like updates and scans directly from the Avira Management Console.

Fast initial set up
Use the configuration wizard for standard installation defaults (Windows only).

Easily tweak security levels
For example, you can select archive file types to check, plus adjust the recursion depth when dealing with archives or scanning runtime-packed files.

Safely isolate infected and suspicious files
Using Quarantine Management under Windows.

Preserves Your IT Budget

Big discounts off individual license costs
Plus transparent licensing, with no hidden costs or non-inclusive essential extras. If you switch to a new or alternative supported operating system, your Avira license moves too (Avira Small Business Security Suite only Windows).

Extremely low administration overhead
"Set and forget" automated workflows, everything on every server managed from one single point.

Intuitive operation saves you time, effort and money
No need for expensive training or user education.

Free Updates and Upgrades
Your license guarantees you the latest virus and malware protection available – at no additional expense.

Support inclusive
Free Avira Gold Support included with every license during update period.

Won't stress your systems
Our fast, resource-saving scanning technology reduces the load on servers, networks, PCs and storage drives, so they could last longer.
